

**HUNTINGTON BEACH UNION HIGH SCHOOL DISTRICT  
GOVERNING BOARD MEMBER**

**SUSAN HENRY**

**AGE: 47**

**OCCUPATION:** Governing Board Member, Huntington Beach  
Union High School District

As a resident of this district for the past 25 years, I have actively participated in the education of our three children while they attended local public schools.

I have been involved in the classroom and many school activities and programs. I am a former elementary and middle school PTA President, high school Foundation President and current Governing Board Member of the HBUHSD Board of Trustees. I am very aware of the goals and dreams of our students and their parents.

I am a Registered Nurse, receiving my college education locally at Santa Ana College, Cal State Fullerton, UCI, and area hospitals.

The future holds many challenges and opportunities. We must continue to recruit and recognize excellent teachers, offer comprehensive curriculums, provide and promote current technology and ensure safe campuses.

The Board and community must work together to prioritize the repair and renovation of our aging school facilities allowed through the passage of Measure C. We will work cooperatively to provide diligent oversight and fiscal accountability resulting in a greatly enhanced school environment for all students of the district.

I believe that by setting the standards high, we will achieve and exceed all expectations.
